[LinkedIn](#)

### Education:

Santa Monica College  
Web Programming (4.0 GPA)  
University Of Oklahoma  
BS Mechanical Engineering

### Programming:

**Others:** Git, MySQL, Java, PHP

### Certifications:

DB Admin MTA 98-364,  
Querying SQL Server 2012  
Certif'te of completion 20-461

Professional Engineer  
State of California, Active  
(PE License: M-27236)

Microsoft Solutions MSF  
Software development cycle

### Volunteer:

[experts-exchange.com](http://experts-exchange.com)  
1,600 Solutions provided,  
11 EE Certificates received.

### Articles:

[Subqueries at a glance](#)  
[Isolation Levels at a glance, 1/2](#)

SQL Server Users Group  
UCLA, [Sqlpass.org](http://Sqlpass.org)

### Skill Highlights

- Database: SQL Server, Oracle, MS Access.
- Web development: ASP.net, VB.net, C#, ADO.net.
- Excel Macros, MS Query, and VBA coding.
- Development: data-driven applications, outstanding problem-solving skills.

### Experience

Present **Personal Development and Consulting** **Los Angeles, CA**

- 06/2014 Completed 10 ADO.NET projects.
- Developed 2 Kaiser web projects (using mock data) for public demo.
  - Contracted [Web Data Scraping](#) project to collect data from the client's sites.
  - Published [articles](#), posted hundreds of solutions at [experts-exchange.com](http://experts-exchange.com).
  - Obtained certification of completion for "Querying SQL Server 2012 course [20-461](#)" and passed Database Admin Fundamentals [98-364](#) Exam.

06/2014 **Kaiser Permanente - Senior Data Analyst & Developer** **Los Angeles, CA**

- 08/2013
- Developed online management [Membership Performance Dashboard](#).
  - Utilized ASP.net/C# and SQL Server.
  - Eliminated DB admin position by developed easy [point-and-click ETL](#) tool.
  - Developed online Re-Connect site to assist with member [repatriation](#).

01/2013 **Warner Brothers - Data Analyst & Developer** **Burbank, CA**

- 09/2012
- Improved the operation of existing Central Repository (CeRA) Application.
  - The revised application improved data quality and saved time.

06/2011 **Kaiser Permanente - Data Analyst & Developer** **Pasadena, CA**

- 01/2011
- Prototyped Decision Support System for web; utilized Access, HTML, Oracle.
  - This website replaced SurveyMonkey.com used until this point.
  - Added capability to auto-tag doctors' comments to produce actionable steps

01/2011 **SWAPE, Environmental Consultants – DB Developer** **Santa Monica, CA**

- 03/2009
- Designed and developed proprietary applications to be used by the client law firms in litigations related to the environment.
  - Utilized SQL Server, MS Access, MS Excel.

03/2009 **AIG Sun-America - Application Developer** **Los Angeles, CA**

- 12/2006
- Hired for contract position but after 9 months was hired for a fulltime position.
  - Automated and streamlined many office operations.
  - Utilized SQL Server, MS Access, Excel Macros, VB 6.0, VB.NET, and VBA.
  - My design ideas and tools reduced overtime use drastically.

Prior to **Other Companies... - Database Developer** **Los Angeles & OC, CA**

- 12/2006 20th Century Fox, [ExxonMobil](#), Honda, Kawasaki, KPC Global Care, Long Beach Memorial, Noresco, Sechrist Industries, Toyota, and [Union Bank](#).
